Price: **€19.00** gross

Manufacturer: Klemp

Referention number: MD013

Information:

The MD013 skirting board is designed to conceal expansion gaps and cables while maintaining a minimalist aesthetic in your interior space. With dimensions of 1 cm in depth, it is made from PolyForce material, which is resistant to moisture and UV radiation and is protected against yellowing. The ScratchShield® technology enhances surface hardness, providing protection against scratches. It is available in two versions: the traditional version, ready to be painted with water-based paints, and the premium version, coated with a satin finish lacquer, ready for installation without the need for additional finishing work.

Product features
