Information:

Skirting board MD025 features a wide profile with a simple shape and a stepped finish on the lower edge. Made from waterproof PolyForce material, it is resistant to UV radiation. The ScratchShield® technology hardens the surface, protecting it from scratches and impacts. It is designed for LED lighting installation, with a designated space for wires and LED strips. The LightGuard technology ensures even light diffusion. The surface of the skirting board is coated for easier painting.
