Price: **€20.00** gross

Manufacturer: Klemp

Referention number: MD356

Information:

The MD356 skirting board is a finishing profile with a simple design and a distinctive groove under the top edge. Made from waterproof PolyForce material, it offers resistance to moisture and UV radiation, making it suitable for any room, including bathrooms and kitchens. The ScratchShield technology further strengthens the surface, enhancing its resistance to scratches and mechanical damage. It is available in three variants: the standard version with a smooth primer for painting, the Premium version with SupremeSatin lacquer for a satin finish, and the Flex version, which, due to its flexibility, allows installation on curved surfaces.

Product features

Material	PolyForce
Length	200 cm
Width	10,8 cm
Collection	Listwy przypodłogowe
