Manufacturer: Klemp

Referention number: MD009P

Information:

The Premium MD009P skirting board features a minimalist profile with no decorative elements, designed for an aesthetic finish where walls meet floors in both modern and retro interiors. Its tall profile allows for effective concealment of electrical installations, expansion joints, and panel connections. Crafted from PolyForce material, it is resistant to moisture, UV radiation, and mechanical damage. The use of ScratchShield® technology enhances the surface's resistance to scratches. Installation is done with adhesive and does not require specialized tools.
