Information:

The flexible skirting board MD360F is designed for aesthetically finishing the junction between walls and floors, as well as for concealing wires and expansion gaps. The subtle decoration at the top of the profile allows for use in modern, classic, and retro arrangements. Made from a material resistant to moisture, UV radiation, and mechanical damage, it is suitable for installation in demanding areas, such as bathrooms and kitchens, as well as in hotel and restaurant environments. It can be adapted to rounded surfaces, such as pillars. Quick installation is achieved using the recommended adhesive. After installation, the skirting board can be painted with a solvent-free paint.
