Referention number: QL046

Information:

The QL046 curtain rail is designed for elegantly concealing curtain rods or ceiling tracks. Made from PolyForce material, it is resistant to moisture, UV radiation, and mechanical damage. It features the LightGuard® technology, allowing the use of LED lighting while eliminating visible light spots. The wide adhesive surface on the top edge ensures a secure installation to the ceiling. Additionally, it can be easily trimmed to fit various window recesses. No additional maintenance is needed, as the special coating prevents dust accumulation.
