Price: **€15.00** gross

Manufacturer: Klemp

Referention number: MD172

Information:

The MD172 ceiling strip is designed for an aesthetic finish at the junction of the wall and ceiling. Its compact profile with a subtle curve allows for installation in rooms of varying heights. The LightGuard® technology eliminates LED light bleed, ensuring uniform and soft light diffusion. Made from waterproof PolyForce material, it is resistant to mechanical damage and deformation. It can be installed in humid areas such as bathrooms and kitchens. The strip is intended for LED lighting; it is recommended to use mounting adhesive for installation.

Product features
