Information:

The MD362 ceiling strip is a decorative profile with a rounded shape, designed for an aesthetically pleasing finish between the wall and ceiling. Thanks to LightGuard® technology, it evenly diffuses LED light, eliminating the effect of spotty illumination. Made from durable PolyForce material, it is resistant to moisture and UV radiation, ensuring longevity and color stability. It is coated with a primer that facilitates painting with water-based paints. Ideal for large spaces, it serves as a striking element of the decor. Installation is done using mounting adhesive.
