Price: **€53.00** gross

Manufacturer: Klemp

Referention number: MDA072

Information:

The MDA072 ceiling strip is designed for an aesthetic finish at the junction of walls and ceilings. This decorative profile, standing 14.8 cm tall with a subtle upward curve, effectively conceals imperfections in paintwork and wallpaper cuts. Made from lightweight ProFoam material, it is resistant to moisture and UV radiation, making it suitable for rooms exposed to intense sunlight and increased humidity. The strip is coated with a smoothing primer, ready for painting with water-based paints. Easy and durable installation is ensured by the low weight of the strip.

Product features
