Manufacturer: Klemp

Referention number: MDB104

Information:

The MDB104 ceiling strip is a decorative profile with a curved design and ornate grooving, intended to provide an aesthetic finish at the junction of the wall and ceiling. Made from lightweight ProFoam material, it is resistant to moisture and UV radiation, preventing warping and yellowing. The strip features space for concealing cables and installations. With its dimensions, it effectively smooths out irregularities along the ceiling line. Easy installation with adhesive eliminates the need for specialized tools.
