Manufacturer: Klemp

Referention number: MDB154

Information:

The MDB154 ceiling strip is a quarter-round profile featuring a delicate ornament at the bottom, allowing for an aesthetically pleasing transition between the wall and ceiling. Made from lightweight and durable ProFoam material, it is resistant to moisture and UV radiation, preventing warping and yellowing. Factory-coated with a smoothing primer, it makes painting with water-based paints easier. It effectively conceals painting imperfections, wallpaper edges, and installation wiring.
