Information:

The MDB169 ceiling strip features an enhanced profile with horizontal grooves, designed for aesthetically finishing interiors. Made from lightweight ProFoam material, it is moisture-resistant and UV-resistant, making it suitable for installation in kitchens, bathrooms, and other demanding spaces. Covered with a smoothing primer, it facilitates painting with water-based paints. It is also available in a Flex version, allowing installation on curved surfaces. Installation is done using mounting adhesive, without the need for specialized tools.
