Information:

The Flex MDA005F ceiling strip is a flexible profile designed for installation on curved surfaces, such as columns and rounded walls. It is resistant to moisture, UV radiation, and minor mechanical damage, making it suitable for use in high-humidity environments and areas with intense use. Made from durable, flexible plastic, it allows for easy shaping. It is intended to be painted with water-based paints that do not contain solvents. Installation should be done using the recommended mounting adhesive.
