Price: **€13.00** gross

Manufacturer: Klemp

Referention number: MD325

Information:

The MD325 wall strip, measuring 200 x 4.1 x 1.5 cm, is a decorative profile with an elongated shape and a wavy detail at the base. Made from PolyForce material, it exhibits high resistance to moisture and UV radiation, making it suitable for installation in kitchens, bathrooms, and sunlit areas without the risk of discoloration. The ScratchShield® technology enhances surface hardness, protecting against scratches and everyday wear. The primer layer prepares the surface for painting, ensuring long-lasting paint adhesion and a smooth finish. This strip can be used as a finishing element for walls, framing mirrors and pictures, or as decorative zones in various types of interiors.
