Price: **€9.00** gross

Manufacturer: Klemp

Referention number: QL022

Information:

The QL022 wall strip is a triangular profile designed by Tomek Rygalik. Made from waterproof and UV-resistant PolyForce material, it ensures durability and an aesthetic appearance even in spaces exposed to moisture and direct sunlight. The ScratchShield® technology enhances scratch resistance, protecting it from mechanical damage. With compact dimensions and a length of 200 cm, it allows for precise wall finishing. Adhesive mounting eliminates the need for specialized tools.

Product features

Material	PolyForce
Length	200 cm
Width	2 cm
Collection	Listwy ściennie
Depth	1 cm
Colour	White
