Price: **€35.00** gross

Manufacturer: Klemp

Referention number: MD325F

Information:

The Wall Strip MD325F is a flexible decorative element designed for finishing interiors. Thanks to its high flexibility, it adapts to surfaces with irregular shapes, such as rounded or wavy walls. Made from durable plastic, it is resistant to moisture and UV radiation, making it suitable for use in areas exposed to water, such as bathrooms, kitchens, or laundries. It does not swell or deform over time. The classic profile with precise grooves allows it to be used as a wall separator or a decorative screen. It can be easily painted with solvent-free paints.
