Information:

Rosette B3023 is a decorative plaster element designed for ceiling or wall installation, made from a lightweight, durable material that is resistant to water, UV radiation, and mechanical damage. It features an embossed floral motif in the center, complemented by rings and bands along the edges. The rosette can be painted, allowing for any color to match individual interior designs. Installation does not require specialized tools, and it is recommended to use the manufacturer's adhesive. It is particularly suitable as a frame for light fixtures or as a decorative element in spaces with varying conditions, such as bathrooms, kitchens, or living rooms.
