Information:

The Rosette B3025 is a ceiling crown molding element made from durable polyurethane, resistant to moisture, UV radiation, and minor mechanical damage. Its classic geometry features delicate embossed circles without additional embellishments, making it suitable for both modern and traditional interiors. With dimensions of 52.6 x 4 cm, it can be appropriately fitted even in smaller rooms. The product can be painted with solvent-free paints to match the ceiling or lighting color. Installation is done using the recommended mounting adhesive without the need for specialized tools. The Rosette B3025 can serve both a decorative and concealing function, for instance, to cover chandelier installations or ceiling irregularities.
