Price: **€60.00** gross

Manufacturer: Klemp

Referention number: B3033

Information:

Rosette B3033 is a ceiling molding element made from moisture-resistant and mechanically durable polyurethane, designed for installation around light fixtures, particularly chandeliers. The grooves and embossing create a decorative surface that enhances the classic or retro character of interiors. The material's resistance to fluctuating thermal conditions allows for use in areas with high humidity, such as kitchens and bathrooms. Rosette B3033 is ready to be painted with water-based and acrylic paints. Installation does not require specialized tools—simply use construction adhesive.

Product features

Material	ProFoam
Length	49 cm
Width	5,4 cm
Collection	Rozety
Depth	49,2 cm
Colour	White
Waterproof	Tak
UV Resistance	Tak
Finish	Matowe
Yellowing Resistant	Tak
Swelling Resistant	Tak
Easy, quick, and clean installation	Tak
Do nierówności	Nie
For painting	Tak
