Information:

The Half Column C4000H is a decorative element designed for installation with a base and capital, creating a cohesive decorative composition with a palatial character. Made from lightweight and durable ProFoam material, it is resistant to moisture, UV radiation, and minor mechanical damage, ensuring long-lasting use in both residential and public spaces. The smooth, unembellished surface allows for application in both classic and modern arrangements. Its intuitive installation—joining elements with the adhesive recommended by the manufacturer—enables easy self-installation without the need for specialized tools.
