Information:

Pilaster base D3024. A decorative element designed for installation with a pilaster, creating a base in column compositions. Made from ProFoam – a material that is resistant to moisture, UV radiation, and minor mechanical damage. It features a classic, tiered shape with subtle grooves. Covered with a primer layer that allows for painting with solvent-free paints. Installation is done using adhesive recommended by the manufacturer. Suitable for indoor use in residential, office, and commercial arrangements.
