Information:

The QL035T curtain rail is designed for aesthetically concealing ceiling tracks and curtain rods. Made of high-quality PolyForce material, it offers excellent resistance to moisture and mechanical damage, ensuring durability and easy cleaning thanks to its smooth surface. The use of LightGuard® technology guarantees even light dispersion from the LED strip without any transparency effects, allowing for a uniform glow in your interior. With a profile length of 200 cm, height of 12 cm, and depth of 4 cm, it can be easily adjusted to fit your needs by trimming. Installation is done using adhesive—without the need for specialized tools—ensuring a quick and stable setup against the ceiling.
