Information:

The D3007 pilaster cap is a decorative element designed for installation with a dedicated pilaster. Made from a lightweight and waterproof ProFoam material, it is resistant to moisture and UV radiation. It is suitable for use in areas with high humidity, such as bathrooms and kitchens. The surface is factory-coated with primer, making it ready for painting with water-based paints. The precise embossing and embellishments highlight the classic character of the interior. Its lightweight design facilitates easy installation.
