Information:

The Pilaster Cap D3008 is a lightweight and moisture-resistant element of decorative molding, made from ProFoam material. Designed for use with pilasters, it allows for the creation of elegant arrangements inspired by Greek columns. The surface is coated with a primer that enhances paint adhesion and facilitates painting with water-based, solvent-free paints. Thanks to its light construction, quick installation is possible with the dedicated adhesive. Suitable for both residential and commercial interiors, including kitchens, bathrooms, hotels, and restaurants.
