Price: **€7.00** gross

Manufacturer: Klemp

Referention number: 2D3-V20-X1-5-CM

Information:

The 2D3 Connector V20 X1.5 CM is a component designed for joining profiles with a cross-section of 20x20x1.5 mm in modular constructions. Made of PA6 polyamide reinforced with fiberglass, it offers high load resistance and durability. A metal core reinforces the entire structure, increasing tensile strength. It features two axes and three sockets, allowing for a stable connection of elements at the appropriate angle. The wall thickness of 2 mm enhances the rigidity of the entire construction. Its black color enables aesthetic compatibility with modern mounting systems. Weighing 0.1 kg, it ensures good assembly properties while maintaining a lightweight structure. Product dimensions - B: 20 mm; B1: 17 mm; L: 17 mm; L1:

The size of the discount

Quantity	Discount	Spare
10	2%	above €1.40
20	5%	above €7.00

Product features

Material	Polyamide PA6 - glass fiber reinforced	
Colour	Black	
Туре	Elbow	
Mounting method	By plug, using a rubber hammer	
Matching profile	20x20x1,5 mm	
Number of axes	2	
Number of slots	3	
Core	With metal core
