Price: **€15.00** gross

Manufacturer: Klemm

Referention number: AT-AP302-200

Information:

A rectangular aluminum profile 30x20x2 mm made from PA38 alloy is a durable and lightweight component for frame constructions. The 2 mm wall thickness ensures stability and resistance to deformation. The 200 cm length makes it easy to create frames, cages, and lightweight industrial structures. Its low weight allows for convenient transport and assembly. The unfinished surface allows for quick adaptation to projects. The profile combines durability with flexibility for both practical and hobbyist uses.
