Price: **€2.00** gross
Manufacturer: Klemp

Referention number: 1D2-R20X1-5-CM

Information:

Straight connector / coupling with a metal core for 20x1.5 mm tube made of glass fiber-reinforced PA6 polyamide. A single axis and two sockets guarantee a durable and stable connection in lightweight frames, cages, and aluminum constructions. Installation by push-fit using a rubber mallet is quick and simple. The black color matches modular systems. The $0.1\ kg$ weight minimizes the structural load. Ideal for extending tubes and building modular frames.
