Price: **€6.00** gross

Manufacturer: Klemm

Referention number: 1D2-R50X1-5-CM

Information:

A straight coupler/connector with a metal core for 50x1.5 mm pipe is a durable component made of glass fiber-reinforced polyamide PA6. A single axis and two sockets ensure stable connections in frames, cages, and lightweight aluminum structures. The black color enhances aesthetics, and push-fit installation using a rubber mallet is quick and simple. The metal core increases the load-bearing capacity and durability of the entire structure. Ideal for industrial and hobbyist applications.

Product features

Material	Polyamide PA6 - glass fiber reinforced
Colour	Black
Type	Extension piece
Mounting method	By plug, using a rubber hammer
Matching profile	50x1,5 mm
Number of axes	1
Number of slots	2
Core	With metal core
