Price: **€6.00** gross

Manufacturer: Klemp

Referention number: 3D6-V30-X2-S

Information:

Cross connector (3 axes, 6 slots) in gray is a durable connector for 30x30x2 mm profiles. PA6 polyamide reinforced with glass fiber provides high durability and resistance to damage. Three axes and six slots enable modular and stable connections of structural elements. Ideal for building racks, cages, and lightweight aluminum frames. Installation is done by press-fitting using a rubber mallet, which simplifies the process. The weight of 0.1 kg minimizes additional load on the structure.

The size of the discount

Quantity	Discount	Spare
