Price: **€4.00** gross

Manufacturer: Klempe

Referention number: 1D2-V40-X2-CM

Information:

A straight connector / extension / black coupling with a metal core ensures maximum rigidity for 40x40x2 mm profile connections. Glass fiber-reinforced polyamide PA6 guarantees high strength and load resistance. A single axis and two sockets enable quick and stable profile extensions. Ideal for frames, cages, and lightweight aluminum structures requiring additional rigidity. Installation by pressing in with a rubber mallet is simple and fast. The weight of 0.1 kg minimizes additional load on the frame.

Dimensions: A = 40 mm; B = 40 mm; C = 2 mm; D = 5 mm; E = 59 mm; F = 59 mm
