Price: **€6.00** gross
Manufacturer: Klemp

Referention number: 2D3-V40-X2-S

Information:

2-way tee connector with three sockets for 40x40x2 mm tubes in gray. Made of glass fiber-reinforced polyamide PA6, it provides durability and stability for lightweight structures. The two axes and three sockets allow for easy connection of frames, cages, and aluminum structures. Assembly by push-fit using a rubber mallet is quick and intuitive. Its lightweight construction (0.1 kg) does not add load to the profiles. An excellent choice for modular constructions and framing systems.
