Information:

A black plastic end cap measuring 30x20x1-2 mm is a reliable finishing solution for 30x20 mm profiles. Made from durable polyethylene, it is easily mounted by pressing it in place with a rubber mallet. It protects the interior of the profile from dirt and damage, improving the construction's appearance. Ideal for frames, cages, and lightweight aluminum racks. Its lightweight design makes installation and transport easy. The black color fits most designs.
